ProWhite AW

Special Aluminium tanning agent

TYPICAL PROPERTIES

Appearance	: White powder
Active Substance	: $95 \pm 1\%$
pH (10% sol.)	: 3.0 ± 0.5
Ionic Character	: Anionic

DESCRIPTION

ProWhite AW is an Aluminium based tanning agent for chrome free leather productions. Efficient results are obtained, if **ProWhite AW** is used together with **ProWhite A-70** for fixation and better exhaustion. **ProWhite AW** helps in obtaining a fine grain, fullness and leads to better buffability of leathers.

APPLICATION

The addition of 10 - 12% **ProWhite AW** is necessary in the pre-tannage for obtaining efficient results for chrome-free leather production.

PACKAGING, STORAGE AND SHELF LIFE

Available in 25 kg bags. Store in accordance with local regulations. Keep the lid closed when not in use. Store in a dry place and protect from direct sunlight. Shelf life is 24 months from the date of manufacture when stored in its original package. For more information see Safety Data Sheet.
