UNISIN DRF

Melamine based resin

TYPICAL PROPERTIES

Appearance	: Light brown powder
Active Substance	: 96%
pH (10% sol.)	: 7.5 ± 0.5
Ionic Character	: Anionic

DESCRIPTION

UNISIN DRF improves the fullness of leather and helps for better dyeing. It can be used in neutralisation bath together with other relevant products. **UNISIN DRF** is recommended for upholstery, shoe-upper, thin leathers and it doesn't alter the fastness properties and the natural appearance of leathers.

APPLICATION

UNISIN DRF is can be advised on shaved weights in retanning processes for the following leathers for garment: 2-4%; for upholstery and calf bag/purse leathers: 4– 6% for pronounced results.

PACKAGING, STORAGE AND SHELF LIFE

Available in 25 kg bags. Store in accordance with local regulations. Keep the package closed when not in use. Store in a dry place and protect from direct sunlight. Shelf life is 24 months from the date of manufacture when stored in its original package. For more information see Safety Data Sheet.
